Daniel Previl:

Hello - hope you're doing well!

Thank you for calling yesterday.

Enclosed is a photocopy of the express mail receipt from the submission of the amended patent application mailed 08-26-2003.

The "Transaction History" listed on the USPTO web site, as of today, states, "Untimely (Late) Amendment Filed". I don't know why it was considered late and why you don't have the amendment.

The pages don't include the "filing date," because I wasn't sure of which filing date and they don't include the "serial number," because I wasn't sure about that either, unless it's the "Application/Control Number," which was included.

The text of this patent application is at: http://www.eveusa.com/doc_txt.htm

The graphics are at: http://www.eveusa.com/doc_exc.htm

Please let me know if there are any fees due.

Please let me know if there is anything I can do to make your job easier.

Thank you - have a great day!

Sincerely:

Curt Martin 08/06/04
